

**BOROUGH OF QUARRYVILLE**  
**STREETS/INFRASTRUCTURE/PARKS COMMITTEE MEETING**  
**January 11, 2022**

The Streets/Infrastructure/Parks Committee held its meeting on the above date at 6:00 PM at the Municipal Building. Councilman Aument called the meeting to order with the following persons present: Councilman Braightmeyer, Councilwoman Bowman, Mayor Anthony Cavallaro, Citizen Advisor Jim Kreider, Maintenance Superintendent Bill Lamparter and Borough Manager Scott Peiffer.

**PUBLIC COMMENT:** None

**OLD BUSINESS:**

**GEIGER AVENUE UPDATE:** Scott reported that he has completed the final request for the Low Volume Road Grant for Geiger Avenue. The final amount will be \$20,187.50.

**WEST FOURTH STREET TRAFFIC STUDY UPDATE:** The Manager presented the recently completed Fourth Street Traffic Study regarding restriction of truck traffic due to length. There was discussion on the impacts of the restrictions as well as alternatives. Scott will contact PennDOT and Rep. Cutler's office to discuss possible impacts to the Church St./State St. intersection if there were restrictions placed on West Fourth Street.

**SERVICE TRUCK UPDATE:** The chassis is currently at Lancaster Truck Bodies awaiting the arrival of the tool body. They indicated that the body was to be built the last week of December.

**NEW BUSINESS:**

**SEASONAL EMPLOYEE WAGE/HOURS:** After discussion, the committee recommends an hourly rate of \$17.00 per hour with a maximum of 20 hours for a seasonal employee if one is hired.

**LOADER PURCHASE:** After discussion on the purchase of a new loader for the Maintenance Department, the Committee would like the Manager to get a quote on refurbishing the current loader before a decision is made on the purchase. Scott will also get an updated quote from the dealer as there was a price increase on 1/1/22. Since the Committee had full discussion on the purchase, it is possible that a decision could be made at the February 7, 2022 Council meeting.

**PARK PATHWAY PAVING:** The Manager updated the committee on the use of ARPA funding for the repaving of the pathways at Huffnagle Park. We will continue to pursue the use of ARPA funds in the amount of \$25,000.00 for the project as budgeted in the 2022 budget.

**MAPLE AVENUE SCHEDULE:** The initial schedule for Maple Avenue was reiterated. Possible water line replacement in 2023 and full street reconstruction in 2024.

**PLOW CONTRACT DRIVER RATE:** After discussion, it was recommended that the reserve plow truck driver's hourly rate be set at \$20.00 per hour. These driver(s) would be utilized only on large snow events.

**PAVING GRANT:** The Manager informed the Committee that he has applied for a Williams Pipeline Community Grant in the amount of \$12,000.00 for repaving the asphalt apron area around the refreshment stand/ restrooms at Memorial Park. The total cost is \$16,000.00. We could complete the project with money from the Memorial Park Maintenance funding.

**SALT TREATMENT ON VEHICLES:** The Manager presented the cost estimate for undercarriage treatment to prevent corrosion on the vehicles. The cost for treating the 2017 Ford F-250 pickup truck is \$250.00. We will have the vehicle treated and will continue to get estimates on other vehicles as time permits.

**DOG PARK:** There was discussion on a request for a dog park. The Manager has contacted SECA for their input on a suitable site. The Borough has limited space for such a facility in Memorial Park. An area below the SECA pool may be the only suitable area for the park. Brian distributed research on dog parks and Scott will distribute the information by email to the other members of the Committee.

**BRIDGE REPLACEMENT GRANTS:** Scott will follow up with Rep. Cutler's office on possible grants for bridge replacement/repair.

**ADJOURNMENT:** Meeting adjourned at 7:45 pm.

Respectfully Submitted,

Scott Peiffer  
Borough Manager
