

**BOROUGH OF QUARRYVILLE**  
**STREETS/INFRASTRUCTURE/PARKS COMMITTEE MEETING**  
**JULY 12, 2022**

The Streets/Infrastructure/Parks Committee held its meeting on the above date at 6:00 PM at the Municipal Building with the following persons present: Councilman Brightmeyer, Councilwoman Bowman, Councilman Kreider, Mayor Anthony Cavallaro and Borough Manager Scott Peiffer.

**PUBLIC COMMENT:** None

**OLD BUSINESS:**

**TRASH HAULER UPDATE:** The Manager reported that 3 out of 5 trash haulers are permitted at this point. We are awaiting the other 2 to return their applications.

**SECOND STREET GRANT APPLICATION:** The CFA-MTF grant application for the Second Street Bridge is being filled out by GMS. The total project cost is projected to be \$418,325.49. We are seeking \$292,827.00 in funding. This leaves a match of \$125,418.00. Possible sources for the match are: ARPA Funding or Capital Reserve Funds.

**HUFFNAGLE PARK MURAL:** The second phase of the mural on the restrooms/bandshell at Huffnagle Park is complete. The mural depicts musicians and faces the stage area on the south side of the building. Funding was provided by a Land O' Lakes Foundation grant. Cost is \$475.00.

**FAIR PARADE CHAIR ISSUE:** After discussion on the issue of early placement of chairs to reserve space for the annual Solanco Fair Parade, it was decided to concentrate on media attention to the issue. The main concern is tripping/falling hazards on the sidewalks. We will utilize newspaper, Facebook, website and signage to discourage early chair placement as well as blocking the sidewalk with chairs, ropes, blocks, etc. Scott will speak to the Fair Board to have them post it to their website as well.

**ARLE GRANT FOURTH/CHURCH LIGHT:** The Manager reported that GMS is finalizing the application for the technology upgrade to the Fourth and Church Streets traffic light. After receiving the PennDOT scoping form, we have removed the pre-emption request from the application. The Borough will install the pre-emption as a match for the project at a cost of approximately \$7,500.00.

**SPEED TABLES ON STANTON ROAD AND FIFTH STREET:** After discussion, it was recommended that we survey the residents who reside on Stanton Road and Fifth Street to seek their opinion on the installation of speed tables on those streets. We will create a survey and direct mail them to the affected residents. The Manager will seek help from LTAP on a study for the speed tables.

**NEW BUSINESS:**

**WILLIAMS PIPELINE GRANT:** Scott reported that we have received \$4,000.00 from Williams Pipeline for paving around the french fry stand in Memorial Park. We had applied for \$12,000.00. The job estimate is for \$16,000.00. We reduced the amount of paving but it will still be around the refreshment stand and will get new estimates for the job. We are hoping to utilize remaining Memorial Park funds from the budget to complete the project.

**WEST SATE STREET/FOURTH STREET LIGHT:** Brian brought up a concern on the length of the turning lane southbound on US 222 entering the intersection. Scott will check with TPD Design on this.

**GENERATOR:** Discussion was held regarding the lack of a generator to run the municipal building in case of a power outage. Scott will look into grant funding for this. The cost estimate was approximately \$52,000.00 in 2021.

**HUFFNAGLE PARK SECURITY CAMERAS:** After a brief discussion, the committee instructed Scott and Chief Beighley to look into the possibility of security cameras in Huffnagle Park. Scott will check into a Land O' Lakes Foundation grant which is \$5,000.00.

**ADJOURNMENT:** Meeting adjourned at 7:20 pm.

Respectfully Submitted,

Scott Peiffer  
Borough Manager
